Precinct: Lorimer

Full Name: Kerrigan Fellows

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: the tram bridge across the Yarra from Collins landing to Lorimer St will destroy the magnificent area of the marina and open waterway 1. The bridge will kill the marina no big boats or yachts 2. the park at Collins landing and the shells will be removed 3. on the south side the tram will pass close to the children's play ground 4. it will cross Lorimer St with probably a boom gate, the government has been removing boom gates 5. sound will be a problem as tram will have Three change of directions and screech around turns echoing into the harbour 6. the emergency vehicles using tram bridge with sirens will be noise pollution 7. it will scare away the wild life , seals, dolphins, nankeen night herons 8. Collins landing will be destroyed 9. on north side trams will pass 30 feet from balconies of the block 1000 apartments 10. the already overloaded tram service will be unusable as its at its max now and more apartments are being built 11. the traffic on Lorimer St is a nightmare now how can it handle the proposed 80 k resident and 80K workers 12. property will be devalued, marina berths have been already devalued 13. Mirvac and others have created this beautiful stretch of river please don't destroy it by putting a tram through the middle of it 14. a class action will surely result from the 3000 apartment owners and business's
