

Submission 1

1. What is your level of knowledge of mine rehabilitation in general?

Have some understanding.

2. What is important to you when you think about the rehabilitation of the Latrobe Valley coal mines?

That the land be rehabilitated to its natural state. Reforested for habitat for native fauna and flora.

3. What do you feel are the most important things Government can do as part of the planning, rehabilitation, and post-rehabilitation stages of the Latrobe Valley coal mines?

Take their heads out of the sand, stop playing party politics with environmentalists and listen to environmentalists!

4. What do you feel are the most important things the coal mine operators can do as part of the planning, rehabilitation, and post-rehabilitation stages of the Latrobe Valley coal mines?

Invest. Then go away.

5. What do you feel are the most important things community and stakeholders can contribute as part of the planning, rehabilitation, and post-rehabilitation stages of the Latrobe Valley coal mines?

Land and vegetation

6. How would you like to be engaged in the rehabilitation process for the Latrobe Valley Brown Coal mines?

Would be more than happy to help with tree planting though I am aging.

7. Overall, do the principles outlined in Section 4 of the LVRRS Overview meet your expectations (considering the important issues you identified above)?

No response provided

8. Are there any changes you would suggest to the proposed principles outlined in Section 4 of the LVRRS Overview? If so, please provide a short explanation as to why you have suggested these changes.

No response provided

9. Are there any specific elements of the LVRRS Overview that were not clear, or need further information to be provided in the LVRRS?

No response provided

10. Do you have any further comments on the LVRRS Overview?

No response provided
