

## Wildlife Act Review

### Submission Comment 195:

Contributor: Individual

#### Primary interests:

- Protection and conservation of wildlife and habitat
- Offences and penalties relating to wildlife
- Rehabilitation of sick, injured and orphaned wildlife

#### Comment

Wildlife protection may not be commercial focus, but the public have shown their interest & compassion with the amount of donations made during recent impact from fires. Unfortunately it seems far to easy for individuals and businesses to not be held accountable for the killing or destruction of habit. We need more protections and better channels for reporting issues - with real action!!
