I wish to oppose the proposed abattoir development at 630 Lancaster Mooroopna Road, Gillieston.

My reasons for opposing this application are the increased traffic as a result of the development, particularly the heavy vehicles entering and exiting the property.

I am concerned at the general devaluation of properties in the vicinity and as [REDACTED]

[REDACTED] I perceive this to potentially affect me.

I am in favour of industry for the Goulburn Valley but I believe this operation is situated in the wrong vicinity, being located in a farming area.
