Fingerboards Mineral Sands Project Inquiry and Advisory
Committee - EES

75

Request to be heard?: No

Full Name: Pamela Joan Boyd

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: The Mitchell River and the Lindenow flats are a major source of primary produce and this mine threatens the whole industry there. The environmental destruction, water use, dust and other pollution threats hanging over this important foodbowl are too important to be dismissed.
