**Comments:** To the enquiring and advisory committee, my family and I live in East Gippsland and appreciate it for all it offers. We feel lucky to live in such a beautiful part of Victoria and as such, I am against the introduction of the Kalbar mine. The Kalbar proposition has lacked transparency and threatens the livelihoods of our community, and the environment in which we live. The East Gippsland Aboriginal community, the Gunaikurnai people, will also be greatly impacted by this development and I am entirely opposed to the development of the Kalbar mine.
