

## Wildlife Act Review

### Submission Comment 287:

Contributor: Individual

#### Primary interests:

- Other: The Wildlife Act must clearly exempt timber harvesting operations conducted under forestry laws, regulations and codes Hunting of wildlife Compliance and enforcement

#### Comment

Green activist using electronic call devises and using cage traps with out permits on crown land and DELWP know full well they a doing it and not taking any action. Hunter spotlighting deer on crown land would be charged No questions asked. DELWP clearly supporting the movement by not enforcing the law.
