Dear Ms D'Abbs,

**West Gate Tunnel Project EES – traffic microsimulation modelling**

We refer to your letter to the Western Distributor Authority of 20 July concerning access to the VISSIM microsimulation model.

We believe it would be of assistance to arrange for your expert to have an opportunity to attend the offices of GHD at an agreed time for an information session on the model and how it was utilised in preparing the Traffic Impact Assessment. Furthermore if there is a reasonable written request for any particular information in advance of the expert witness conclave this can be considered.

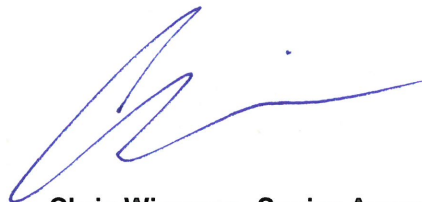

In relation to the matters raised by the Preliminary Matters and Further Information Request, it is anticipated that any material generated in response to that request will be made publicly available at the same time it is provided to the Inquiry and Advisory Committee.

Please let us know if you have any queries.

Yours sincerely

**Sallyanne Everett, Partner**
