Primary interests:

- Rehabilitation of sick, injured and orphaned wildlife
- Hunting of wildlife
- Private and/or commercial keeping, breeding, trading, displaying and/or processing of wildlife or wildlife products

Comment

We have killed off more species than any other country in the world. Millions died after the bush fires & yet the barbaric SPORT!!!! of hunting is legal. They are very precious & soon it will be too late to save these wonderful creatures. The Government should support wild life rehabilitation
