Primary interests:

- Protection and conservation of wildlife and habitat
- Wildlife welfare
- Protections for marine mammals

Comment

At this critical time of our existence on this planet, please listen to the experts on wildlife and biodiversity preservation and our traditional owners! We have destroyed so much of our precious wildlife and we need urgent action in preservation work before it's too late! I'm deeply concerned about the potentially disastrous future we create for our children and I urge you to take all the necessary steps to ensure our wildlife and its habitat gets the protection it deserves to thrive!
