Dear Ms Mitchell

Proposed Amendment GC81
Fishermans Bend Urban Renewal Project – Adoption of Closing Submissions

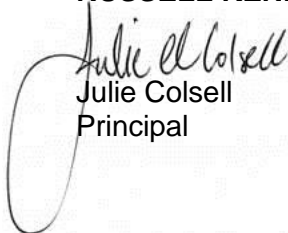

We continue to act for Mr Frank Walker and his company Sel Reklaw Pty Ltd (Submitter No. 150) in relation to Proposed Amendment GC81 and refer to our letter dated 23 May 2018.

Our client, with the agreement of Norton Rose Fulbright, fully adopts and supports the written submissions filed today by Norton Rose Fulbright on behalf of its Landowner Group. As such, our client will not be filing separate submissions with the Review Panel. This is to avoid the duplication of submissions and costs and to facilitate the efficient use of the Review Panel's time.

Further, our client fully adopts and supports the oral submissions that will be made by Mr Tweedie SC to the Review Panel in the week commencing 18 June 2018, and withdraw its request to separately present oral closing submissions to the Review Panel.

Please contact me or Xander Meachem with any queries.

Yours faithfully
RUSSELL KENNEDY
