

CITY OF GREATER
BENDIGO

20 March 2019

Ms Jessica Freame - Director Policy Partnerships
Department of Environment, Land, Water and Planning
PO Box 500
EAST MELBOURNE 8002

Dear Ms Feame

Consultation on the Draft Water Resources Plan for Northern Victoria

I write in response to your email to the City's Chief Executive Officer dated 23 January 2019 regarding the consultation on the Draft Water Resources Plan for Northern Victoria.

On behalf of the City of Greater Bendigo, I would like to thank the Department of Environment, Land, Water and Planning (DELWP) for the opportunity to comment on such an important plan. Maintaining the health and prosperity of the Murray Darling Basin and communities is of vital importance to the Australian, Victorian and Greater Bendigo population.

City Officers have reviewed the draft Water Resources Plan and consider it a comprehensive and well written plan. The City of Greater Bendigo is very comfortable with the current wording of the Plan..

The City looks forward to receiving updates in relation to the Northern Victorian Water Resources Plan and other relevant matters.

Yours sincerely
