#### Comment

I would like to see more consultation with Wildlife Victoria, RSPCA Animal Justice Party etc when Developers such as Mirvac create housing estates such as Harcrest Estate in WantirnaSth. Mirvac put in a lake and wetlands, approved by Knox Council, but didn't care about wildlife ( ducks, swans , etc ) being attracted to these areas and consequently getting trapped in the drains amongst the vegetation and ducklings unable to get out of the circular man made lake. Knox Council were also negligent in these issues. A cat curfew is desperately needed as well as dogs on leash walking through the wetlands areas. Mirvac did not clean up the rubbish that accumulated in the lake and wetlands, until a day before handover to Knox Council. This is not acceptable for our beautiful wildlife.
