My submission:

Congratulations on progressing this long overdue change to rental legislation. However I am concerned that my details can still be provided to third parties without my consent. My privacy is extremely important to me and I have been shocked in the past to get phone calls from tradespeople who have been given my phone number without my knowledge. Many times I didn't even know that they had been scheduled to visit the property and often the call came in at the last minute. This is a very uncomfortable situation for me as I live with my two children. Please reconsider this part of the legislation
