Comments: My name is Claire Florence-Gray I am a resident of Yarra Edge and reside at 1001/70 Lorimer St, Docklands I am opposed to this bridge for the following reasons; • Loss of lifestyle; the loss of yachts, the visual change to the immediate YE precinct. • Noise and visual pollution while the tram bridge is under construction • The noise of the tram, this will frighten wildlife, especially seabirds. Dolphins also visit the marina. • Environmental effect; impact on the wildlife • Swans and other sea birds utilise the marina at different times during the year. • Marina viability • Engineering technology has surpassed itself in the past 10 years and it would be advisable to consult more closely with other countries that have a similar situation. For these reasons, I strongly advise the Fishermans Bend Planning Review Panel to recommend that draft planning scheme amendment GC81 be opposed and to seek a more appropriate option to the transport needs of Fishermans Bend. Thank you for the opportunity to respond to the draft framework. I welcome the opportunity to present my submission in person. For further information please contact; Claire Florence-Gray 0417 121 935 14th December, 2017
