Fingerboards Mineral Sands Project Inquiry and Advisory
Committee - EES

174

Request to be heard?: No - but please email me a copy of the
Timetable and any Directions

Full Name: Lacinda Ellis

Organisation:

Affected property: All Bairnsdale and east Gippsland

Attachment 1:

Attachment 2:

Attachment 3:

Comments: This mine should not go ahead. It has the potential to ruin the vegetable and salad farms in Lindenow which supply amazing produce. The Mitchell river which feeds in the Gippsland Lakes can be destroyed and taking that much water from the river would do harm to the fish and tourism sector. It is not worth the risk. Do not allow this mine
