

Wildlife Act Review

Submission Comment 318:

Contributor: Individual – Pauline Halsall

Primary interests:

- Protection and conservation of wildlife and habitat
- Rehabilitation of sick, injured and orphaned wildlife
- Wildlife welfare

Comment

I am Pauline Halsall, although I have not been directly involved in wildlife rehabilitation a family member has and through her, and my help to her, I feel I can speak about wildlife.

I believe it is crucial to have this review into standards of wildlife protection.

Wildlife in Victoria needs this protection and rehabilitation before we find that it is too late and extinction occurs as we have seen happen to various species.

People need to become more aware of how important the care of wildlife is to our future. There are many things that can be achieved by correct education of how to live with wildlife without compromising any current situations.

Lower speed limits in wildlife areas should have lower speed limits for the protection of wildlife.

Give people hefty fines when they are cruel to our wildlife.

Thank you for reading my submission.
