Hi [REDACTED],
I tried to respond via the link and was unable to do so, the site would not allow me to enter any information, I reside in the township and have had to go inside my home due to the odour being so strong and unpleasant,
I am unhappy to think we will continue to be subjected to the smell which we are subjected to as we drive to and from Traralgon South,
This is also a detrimental impact on our property values and quality of life,
I strongly oppose the plans to extend as it is apparent the odour is not contained within the boundary as per your guidelines, the current site is not contained so making it bigger will only cause more odour to be released in my opinion

Regards
