FISHERMANS BEND PLANNING REVIEW PANEL: DRAFT AMENDMENT
GC81

SUPPLEMENTARY INFORMATION NOTE

SIN NUMBER: 5
DATE: 28 March 2018
PRECINCT: All
FRAMEWORK REFERENCE: N/a
SUBJECT: Application of the Public Acquisition Overlay and the relationship with s 201I of the Planning and Environment Act 1987 in Fishermans Bend

NOTE: N/A

REQUEST: The Panel has requested further information regarding the application of the Public Acquisition Overlay to land in Fishermans Bend and the application of s 201I of the Planning and Environment Act 1987.

RESPONSE:

Effect of declaration of Fishermans Bend under s 201F of the Planning and Environment Act 1987

1. The Panel has requested further information regarding the application of the Public Acquisition Overlay to land in Fishermans Bend and the application of s 201I of the Planning and Environment Act 1987 (PE Act).

2. Section 4(1) of the Land Acquisition and Compensation Act 1986 (LACA) provides:

   (1) The Authority must not commence to acquire any interest in land under the provisions of the special Act unless the land has been first reserved by or under a planning instrument for a public purpose.

3. Section 4B of the LACA provides:

   (4B) Sub-section (1) does not apply to any land which is special project land under section 201I(3) of the Planning and Environment Act 1987.

4. Section 201E(3) provides that the Minister may, by notice published in the Government Gazette, declare specified land required for a declared project to be special project land for the purposes of section 5 of the LACA.

5. A declared project is a development declared by notice under section 201F to be of State or regional significance (s201E definitions).
6. On 5 July 2012, by notice published in the Victorian Government Gazette, the former Minister for Planning issued a ‘Notice for Declaration of Project under Section 201F’ of the PE Act.

7. Pursuant to that notice, the Minister:
   ...declare(d) the project to be a development of State significance.
   In this notice, the ‘Project’ means the ‘Fishermans Bend Urban Renewal Area’ as shown on the map below and will relate to the large scale urban renewal project incorporating a mix of land uses including residential, commercial, retail, industrial, recreation, education, entertainment and community uses.

8. A copy of that declaration, which includes a map of the relevant area (which excludes the Employment Precinct), is Attachment 1.

9. Section 201I provides that the Secretary may compulsorily acquire land for the purposes of a declared project. For the purpose of undertaking a compulsory acquisition, including the assessment of compensation, the provisions LACA applies and Part 9A of the PE Act is the ‘special act’ and the Secretary is the Authority (s 201I(2)).

10. Section 201J provides the Secretary broad powers to dispose of land including the power to sell or dispose of any land on any terms that the Secretary considers appropriate (s 201J(1)) and to enter into agreements concerning the use and development of land (s201J(2)).

**Acquisition by Agreement**

11. The Secretary may also acquire land by agreement.

12. Section 201H provides a broad power to the Secretary to acquire land within the declared project area by agreement:

   For the purposes of a declared project, the Secretary may acquire land by agreement on any terms (including consideration) that the Secretary considers appropriate.

13. This broad power provides the Secretary (defined in s 201R as the body corporate established under s 41A of the *Project Development and Construction Management Act 1994*) with the power to acquire land for public open space and roads within the declared project area by agreement and in the absence of a reservation of that land for public purposes by the imposition of a PAO.

14. The Secretary could, for example, seek to secure land by agreement in return for measures directed to achieving outcomes contained in the draft Framework. Section 201G allows the Secretary to delegate its powers including the powers of acquisition to any person employed by the Department. The PE Act defines Department by reference to any name of the administering department as changed by notice in the Government Gazette.¹

¹ Effective from 1 January 2015 pursuant to s 3(2) of the P & E Act, the name of the Department of transport, Planning and Local Infrastructure was changed by order under s 10 of the *Public Administration Act 2004* to the Department of Environment, Land, Water and Planning (Victorian Government Gazette S432 dated 4 December 2014, page 1).
15. Section 201J provides the Secretary the power to sell or transfer land on any conditions it sees fit, to grant a lease, license, easement or privilege over land vested in or acquired by the Secretary; or to sell or dispose of the Secretary's interest in fee simple in any land vested in or acquired by the Secretary pursuant to Part 9A of the PE Act (projects of State Significance) on any terms, including consideration, that the Secretary considers appropriate. Therefore land obtained by the Secretary could be transferred to the responsible authority.

Compensation for removal of restrictions and easements and closure of roads

16. For the purposes of a declared project, the Secretary may recommend to the Governor in Council to remove an easement, or restriction applying to any land (s 201N) and on publication of an order in the Government Gazette the restriction or easement is extinguished (s 201O).

17. For the purposes of a declared project, the Secretary may recommend to the Governor in Council to close any road or part of a road (s 201K). On publication of an order in the Government Gazette a road or part of a road may be closed (s 201L). A road may also be closed on a temporary basis if the Secretary considers it necessary to do so that works on the road or neighbouring land can be carried out (s 201M).

18. If an order made under s 201O (removal of an easement or restriction) or s 201L (closure of roads) s 201P requires the Secretary to make provision for the payment of compensation:

(a) to any person in whom the land comprised in the road or part of the road is vested; and

(b) to any owner of property which in the opinion of the Secretary is likely to be substantially affected by the closure of the road or the removal of the easement or restriction.

19. Pursuant to s 201(2) the Minister may certify that, having regard to the extent to which a person is or is likely to be affected by the closure of the road or the removal of the easement or restriction, the compensation payable to that person should not exceed the amount stated in the certificate (not being less than $400) and the amount stated in the certificate will be the full amount payable by the Secretary by way of compensation (s 201P(3)).

20. If the Minister does not certify the compensation payable, the compensation payable under subsection (1) is to be agreed between the Secretary and the affected person. If agreement is not reached, compensation will be determined in accordance with Part 10 of the LACA as if the amount of compensation payable were a disputed claim (s 201P(5)).

Declaration of proposed reservation if value of the land may be substantially affected by reservation for public purposes

21. Section 223 provides that the Minister administering the Land Acquisition and Compensation Act 1986 may declare land to be proposed to be reserved for public purposes if the Minister is satisfied that the value of the land may be
substantially affected by a proposal to reserve or which could lead to the reservation of land for public purposes; and considers that it is appropriate that the land should be so declared.

22. The power under s 223 of the PE Act was not exercised in respect of Fishermans Bend before the area was rezoned to Capital City Zone in 2012.

Certificate of underlying zoning

23. Section 201 of the PE Act allows an affected person to apply for a certificate as to the underlying zoning of land to be provided for the purpose of ascertaining the compensation payable in respect of land which has been reserved for a public purpose.

24. There are a number of requirements before a certificate of underlying zoning may be issued:

   a. a planning certificate must state that the land is wholly or partly reserved for public purposes under the planning scheme; and

   b. the certificate does not indicate the provisions of the scheme which would have applied to the land if the land had not been reserved.

25. If those requirements are met an application may be made for the purpose of valuing land for compensation to the person nominated for the purpose of section 198 (the person nominated in the scheme for that purpose and if no person is nominated the responsible authority) for a declaration setting out the provisions of the scheme which would have applied to the land if it had not been reserved.

26. In the absence of the imposition of a Public Acquisition Overlay (PAO) on land under the relevant planning scheme, s 201 of the PE Act is unlikely to be of assistance in ascertaining land values for the purpose of acquisition in Fishermans Bend.

27. In Victoria reservation of land for the purpose of acquisition occurs by the application of the PAO (which is the VPP tool for reserving land under the PE Act). By operation of clause 45.01-6, land which is affected by the PAO is land “designated as being reserved for public purposes” within the meaning of s 6(2)(c) of the PE Act.

   If land is not the subject of a PAO, then as a consequence of the proper construction of s 6(2) of the PE Act and clause 45.01, it is not “reserved” land and a certificate under s 201 could not issue.

Notice of Adoption of a Local Law
– Meeting Procedure Local Law

Notice is given pursuant to section 119 of the Local Government Act 1989 that Baw Baw Shire Council, at its ordinary meeting held on Wednesday 27 June 2012, resolved to adopt a local law, Meeting Procedure Local Law. This local law is effective from 1 July 2012.

The purpose of this local law is to:

- facilitate good governance of the Baw Baw Shire Council;
- regulate proceedings for the election of the Mayor;
- regulate proceedings at all Ordinary and Special Meetings of the Council and meetings of Special Committees;
- regulate the use of the Common Seal and prohibit its unauthorised use;
- regulate the use of confidential information;
- provide for the administration of the Council’s powers and functions; and
- revoke Meeting Procedure Local Law 2009.

A copy of the local law may be viewed online at www.bawbawshire.vic.gov.au, and is available for viewing at one of our Customer Service Centres during business hours.
GREATER GEELONG CITY COUNCIL

Road Discontinuance

Pursuant to section 206 and schedule 10, clause 3, of the Local Government Act 1989, the Greater Geelong City Council, at its ordinary meeting held 26 June 2012, formed the opinion that the part of road known as Katoomba Street, created by LP3425 and contained in Certificate of Title, Volume 2394 Folio 478615, shown hatched on the plan below, is not reasonably required as a road for public use and resolved to discontinue the road portion and the land be used for the purpose of a public park.
Notice of Intention to Make Local Law
Proposed General Local Law 2012 No. 7

Notice is hereby given pursuant to the provisions of section 119(2) of the Local Government Act 1989 that, at its meeting on 26 June 2012, Frankston City Council resolved to make General Local Law 2012 No. 7.

The purpose of the Local Law is to regulate peace, order and good government of the municipality, a safe and healthy environment so that the community within the municipality can enjoy a quality of life that meets its expectations, the safe and fair use and enjoyment of public places, the protection and enhancement of the amenity and environment of the municipality, the fair and reasonable use and enjoyment of private land; and the uniform and fair administration of this Local Law.

A copy of the proposed Local Law may be obtained from the Civic Centre, Davey Street, Frankston, during office hours – or telephone 9784 1038. The document may be accessed also on Council’s website – www.frankston.vic.gov.au

Any person who wishes to make a submission to the proposed local law must lodge the submission in writing addressed to the Governance Team Leader, Frankston City Council, PO Box 490, Frankston 3199. Submissions will be received until 3 August 2012. Please note, that unless a submitter advises the City to the contrary, the submission will be made available to the public, as part of a Council agenda.

Council, in accordance with section 223 of the Local Government Act 1989, will consider all written submissions received within the prescribed time.

Any person lodging a submission should clearly state whether they wish to be heard in support of the submission. Such person/s will be heard by Council (or a committee established by Council for this purpose) and may be represented by a person acting on his or her behalf. Notification will be given of the date and time of the hearing.

Acting Chief Executive Officer

Amendment – Local Law No. 1 of 2007
– Streets and Roads

Notice is hereby given that the Indigo Shire Council, at its Ordinary Meeting on 12 June 2012, resolved to give public notice of a proposed amendment to Part 4 Division 5 Section 43(2)(b) of Local Law Number 1 – Streets and Roads.

The amendment aims to create consistency between Council’s Trading Places Policy and Local Law Number 1 – Streets and Roads. Specifically the amendment would allow Beechworth traders to place goods and items on the footpath within 0–1 metre of the building façade and 2.8 meters from the façade to the gutter.

The purpose and general purport of the proposed amended Local Law Number 1 – Streets and Roads is to:

1. provide for the management of physical features of the road and adjacent properties in a manner which is consistent with the safety and convenience of using the road;
2. control the use of various types of vehicles and animals for the safety and convenience of road users;
3. provide for the preservation and protection of Council’s assets from damage which may be caused from extraordinary use of roads;
4. control and regulate secondary activities on roads, including trading, placing of signs, goods and equipment, repairs to vehicles and parties, festivals, processions, outdoor eating facilities, artistic activity and collections;
5. ensure free and safe access for people with sight and movement impairment or disabilities; and
6. provide safe and efficient management and control of parking on roads within the municipal district to cause minimal disruption, danger or nuisance to the users of Council’s parking facilities.

A copy of the proposed amended Local Law No. 1 of 2007 – Streets and Roads can be inspected during office hours at any of Council’s Customer Service Centres at
Beechworth, Yackandandah, Rutherglen and Chiltern or viewed on Council’s website at www.indigoshire.vic.gov.au

In accordance with section 223 of the Local Government Act 1989, any person may make a written submission on the proposed amendment to Local Law No. 1 — Streets and Roads, however a submission can only be made in relation to Part 4 Division 5 Section 43(2)(b) which is the amendment to Local Law Number 1 — Streets and Roads.

Any person making a submission may request to be heard in person or be represented by a person specified in support of their submission. This must be identified as part of the submission. Submissions are to be addressed to the Chief Executive Officer, Indigo Shire Council, PO Box 28, Beechworth 3747 and must be received at the Council Office by 12 noon on 30 July 2012.

Submissions will be heard at the Council Meeting on 14 August 2012 held at The Supper Room, Beechworth Memorial Hall, Beechworth. These details will be confirmed in writing to anyone wishing to be heard in support of their submission.

Please note that all submissions received under section 223 are public documents unless the submitter requests that it be confidential.

Planning and Environment Act 1987
MANNINGHAM PLANNING SCHEME
Notice of Preparation of Amendment
Amendment C96
Authorisation A02256

The Manningham City Council has prepared Amendment C96 to the Manningham Planning Scheme.

In accordance with section 8A(3) of the Planning and Environment Act 1987, the Minister for Planning authorised the Manningham City Council as planning authority to prepare the Amendment.

The Amendment affects all land currently affected by Schedule 8 to the Design and Development Overlay — Residential Areas Along Main Roads and Surrounding Activity Centres (DDO8).

The Amendment proposes to implement a number of actions from the ‘Manningham Residential Strategy’ adopted by Council on 27 March 2012. The new Strategy replaces the existing ‘Manningham Residential Strategy (2002)’. A key purpose of the Amendment is to review the existing planning controls to ensure that clear guidance is provided for higher density dwellings around activity centres and along main roads.

The Amendment proposes to:
- update Clause 21.05 (Residential) to introduce the Main Road sub-precinct and strengthen the distinction between the Main Road sub-precinct and sub-precincts A and B, to provide clearer guidance regarding the form and scale of development that is encouraged in each sub-precinct;
- update Clause 21.16 Key References to replace reference documents ‘Manningham City Council (2002), Manningham Residential Strategy, Manningham City Council, Doncaster’ and ‘Manningham City Council, MGS Architects (2005), Manningham Residential Character Guidelines, Manningham City Council, Doncaster’ with updated documents; and
- update Clause 43.02 Schedule 8 to the Design and Development Overlay – Residential Areas Along Main Roads and Surrounding Activity Centres (DDO8) and associated maps.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment, free of charge, at the following locations: at the office of the planning authority, Manningham City Council, 699 Doncaster Road, Doncaster; Doncaster / The Pines / Bulleen / Warrandyte branch libraries, and the Box Hill Branch Library; at the Manningham City Council website, www.manningham.vic.gov.au; and at the Department of Planning and Community Development website, www.dpcd.vic.gov.au/planning/publicinspection

This can be done during office hours and is free of charge.

Any person who may be affected by the Amendment may make a submission to the Manningham City Council. Any submission you wish to make about this Amendment should be in writing and must be sent to: Vivien Williamson, Manager Economic and Environmental Planning, Manningham City Council, PO Box 1, Doncaster, Victoria 3108, or emailed to eepadmin@manningham.vic.gov.au

The closing date for submissions is 17 August 2012.

Notice of Preparation of Amendment
Amendment C89
Authorisation A02262
The Maroondah City Council has prepared Amendment C89 to the Maroondah City Council Planning Scheme.

In accordance with section 8A(3) of the Planning and Environment Act 1987, the Minister for Planning authorised the Maroondah City Council as planning authority to prepare the Amendment.

The land affected by the Amendment is 1 Aringa Court, Heathmont.

The Amendment proposes to apply a permanent Heritage Overlay to the land.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment, free of charge, at the following locations: during office hours, at the office of the planning authority, City Offices Service Centre, Braeside Avenue, Ringwood; Eastland Service Centre, Level 2, Shop G104, Eastland Shopping Centre, Ringwood; Civic Square Service Centre, Civic Square, Croydon; Croydon Library, Civic Square, Croydon; Ringwood Library, Ringwood Plaza, Ringwood; and at the Department of Planning and Community Development website, www.dpcd.vic.gov.au/planning/publicinspection

Any person who may be affected by the Amendment may make a submission to the planning authority.

The closing date for submissions is 3 August 2012. A submission must be sent to the Maroondah City Council, Braeside Avenue, Ringwood.

EXEMPTION
Application No. A98/2012

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the Equal Opportunity Act 2010 (the Act) by Student Youth Network Inc. (the applicant). The application for exemption is to enable the applicant to, from time to time, advertise for and employ only people under 26 years of age and implement a programming policy whereby all programming decisions are made by persons under 26 years of age (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of Tahlia Azaria, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant was incorporated in 2001 and began full time radio broadcasting in 2003. It holds a community broadcasting licence. In or around 2003 it expanded into television production for channel 31 and has a website.

- The applicant aims to provide persons under 26 years of age with opportunities to participate in media-making activities. The applicant aims to have a high turnover of staff and volunteers so as to ensure that opportunities are continuously made available. Since its inception, the applicant has provided these opportunities to more than 10,000 young people. The applicant has a funding agreement with the Victorian Government that is contingent on providing opportunities to young people.

- At present employees aged under 26 work in providing education and training programs, media production and in programming co-ordination. There are also a number of employees who are not required to be aged under 26 who perform management and support services.

- No exception already applies to the exempt conduct. An exemption was previously granted to the applicant in respect of the same conduct in 2004 and that exemption expired on 22 July 2007 (A256/2004). In the absence of an exemption the exempt conduct would amount to prohibited discrimination.

- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the Charter of Human Rights and Responsibilities Act 2006 (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of persons aged over 26 years who would wish
to be employed in certain roles or who wish to participate in programming. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 16, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 4 July 2017.

Supply Policies

In accordance with section 54L(3) of the Financial Management Act 1994, notice is given to revoke the following supply policy made by the Victorian Government Purchasing Board (VGPB).
Ethical Purchasing (Safety Net) Policy

Following a review, the VGBP has removed the Ethical Purchasing (Safety Net) Policy; effective from 5 July 2012.

The policy was established in response to the previous Federal Government’s industrial relations legislation, stipulating requirements for businesses to provide employees with terms and conditions of employment no less favourable than those provided prior to the introduction of the Federal Government’s legislation.

The federal industrial relations legislation has since been replaced resulting in the VGBP’s policy requirements becoming redundant. Revocation of the VGBP policy will remove unnecessary administrative processes currently required of government and businesses tendering for government procurement opportunities.

This policy was subject to consultation with the Assistant Treasurer.

BUSHFIRE NEIGHBOURHOOD SAFER PLACES

CFA
Assessment Guideline

June 2012
NEIGHBOURHOOD SAFER PLACES
PLACES OF LAST RESORT

INTRODUCTION

Neighbourhood Safer Place means a place that may, as a last resort, provide shelter for people from the immediate life threatening effects of a bushfire.

They are an area or premises that may provide some sanctuary from direct flame contact and radiant heat. It is envisioned it would be an existing space or structure, such as an oval or a building that may protect a person against fire.

This assessment guideline articulates the process by which qualified/experienced CFA Officers assess the suitability of Neighbourhood Safer Places and is not intended for use by the general public.

BACKGROUND

Reducing the impact of bushfires is a shared responsibility between government, emergency service organisations and the community. The community has an integral role to take the necessary steps to prepare their property and to implement their bushfire survival plan.

This document sets out criteria for CFA’s assessment of Neighbourhood Safer Places. The criteria provide a framework to assist Municipal Councils to identify Neighbourhood Safer Places to provide a place of last resort for people to gather during the passage of a bushfire front. The primary purpose of a Neighbourhood Safer Place is the protection of human life from a bushfire.

The 2009 Victorian Bushfires Royal Commission (VBRC) Final Report stated that the people who left their homes sheltered in a variety of locations, for example, other houses or buildings; bunkers, reserves and ovals; pubs; in-ground swimming pools, cars and dams. Some people reported that these were pre-planned alternatives and in some cases, helped people survive. However, the VBRC also heard examples of people dying in very similar locations, which serve to highlight that these locations do not guarantee safety (VBRC Final Report Vol 2: pg 19).

The VBRC also stated that “many people did not have a well-thought-out plan and were left to make their own decisions without the benefit of assistance from the authorities [and] for these people, the lack of alternatives, the provision of shelters, refuges or evacuation, became critical as a fallback option (VBRC Final Report Summary: pg 5). They also ‘considered that a revised bushfire safety policy should provide information about places in which to shelter and support for individuals in identifying such places’ (VBRC Final Report Vol 2: pg 21). Neighbourhood Safer Places continue to be a part of the shelter options for community members.

CONCEPT

A Neighbourhood Safer Place is a space that:

- is a place of last resort for individuals to access and shelter in during the passage of fire through their neighbourhood – without the need to take a high risk journey beyond their neighbourhood;
- provides a level of protection from the immediate life-threatening effects of a bushfire (direct flame contact and radiant heat); and
- is intended to provided relative safety;
- does not guarantee the survival of those who assemble there; and
- should only be accessed when personal bushfire survival plans cannot be implemented or have failed.

Neighbourhood Safer Places should be recorded in Township Protection Plans. However, not all townships will have Neighbourhood Safer Places identified in these Plans as they may not meet specific criteria identified in this document and within a council’s Municipal Neighbourhood Safer Places Plan. Some towns may not have the fire risk profile to indicate a need for a Neighbourhood Safer Place.
Neighbourhood Safer Places are not to be confused with Fire Refuges, Relief Centres, Recovery Centres, Assembly Areas, or Informal Places of Shelter, each of which have a different and specific purpose.

**LIMITATIONS**

Neighbourhood Safer Places have a number of limitations, being:

- limited capacity;
- no guarantee of safety;
- they do not cater for animals;
- emergency services will not necessarily be present;
- they do not provide meals or amenities;
- they may not cater for particular special needs (e.g. infants, elderly, ill or disabled);
- they may not provide shelter from the elements, particularly flying embers; and
- there are risks to people during access, shelter during passage of the fire front and egress from Neighbourhood Safer Places.

**CFA NEIGHBOURHOOD SAFER PLACES ASSESSMENT CRITERIA**

Neighbourhood Safer Places should provide protection to people from lethal levels of radiant heat through an appropriate separation distance between fire hazards, particularly vegetation, and the site of the Neighbourhood Safer Place. Isolated flammable elements may occur within the separation space so long as such elements do not add to a fire’s rate of spread nor significantly contribute to the radiant heat impacting on the Neighbourhood Safer Place.

Fire industry collaboration established criteria to determine the suitability of any site as a Neighbourhood Safer Place. The critical criteria decided upon was radiant heat load with maximum allowable radiant heat loads agreed upon for sites that are open spaces and those that are buildings. It was further agreed that each Neighbourhood Safer Place needs to be assessed on its merits, with radiant heat load calculated using the NSW Rural Fire Service Site Bush Fire Attack Assessment Methodology (Douglas and Tan, 2005) as the assessment tool in these guidelines.

**Radiant Heat and Setback Measurements**

To provide initial direction to CFA staff and others in assessing the suitability of potential Neighbourhood Safer Places, the following guidance is provided:

Neighbourhood Safer Places must meet the following criteria for radiant heat load:

1. If a Neighbourhood Safer Place is an open space the maximum potential radiant heat impacting on the site must be no more than 2 kw/m².
2. If a Neighbourhood Safer Place is a building, the maximum potential radiant heat impacting on the building must be no more than 10 kw/m².

By way of example, Neighbourhood Safer Places adjoining extreme fuel hazards, this equates to a separation distance from the fire hazard of:

- greater than 310 metres from the outer edge of the NSP for an open space; and
- greater than 140 metres from the outer edge of a building to the fire hazard.

It is acknowledged that for NSPs abutting less than extreme fuel hazards this separation distance may be reduced so long as the criteria for maximum radiant heat impact are met.

---

1 Fire refuges have been described in the OESC Fire Refuges in Victoria – Policy and Practice (2005). However, these guidelines are currently undergoing a review with the FSC and because the issues associated with fire refuges are being considered separately, they will not be considered further in this document.
Additional Management for Neighbourhood Safer Places in Grassland Areas

Grasslands have a distinct place in the Neighbourhood Safer Places framework, due to:

- the potential for rapid growth in conditions of adequate warmth and moisture; and
- the requirement under section 50J of the CFA Act for councils to review their NSPs by 31 August each year.

Councils may identify a suitable Neighbourhood Safer Place site in a grassland area that can only meet the assessment criteria with active management of the site over the fire danger period, with treatments including slashing, mowing or grazing.

In these circumstances CFA may certify the site as meeting the assessment criteria provided that appropriate, specified and prescribed treatments are in place throughout the fire danger period. This must include prescriptions for management of the grassland secured by agreed terms entered into by the landholder. The landholder may be the council, a public authority, an agency or a private person.

The identified treatment of the grassland must be included within the MFPP or MFMP (whichever is relevant). Council has the role of facilitation and, if required, enforcement of the treatment(s) during the fire danger period. Fire Prevention Notices would not ordinarily be an appropriate method for achievement of management prescriptions in NSPs. Their use would only be an option of last resort that councils may use where a private landholder has reneged on their agreed conditions and the grassland condition constitutes or may constitute a danger to life or property from the threat of fire.
