Will changes improve function of regs?		
Reasons	The guidelines will only succeed if enforcement & implementation are fully FUNDED.	
Implementation issue with proposed changes?	Yes	
Reasons	Lack of resourcing of all environmental departments and insufficient staff & resources to implement even mandatory provisions of the Act & its Regulations. That is, not enough POLITICAL WILL.

Other comments	No amount of offsets are equivalent to old-growth trees, especially hollow-bearing trees. These often take 300 or more years to develop hollows. Many species of native birds and mammals are completely dependent on hollows for shelter and breeding. Without hollows, we WILL lose these species. 300 hectares of planted saplings do NOT equal a 300 year old tree. And who guarantees that any of the plantations survive?	
Written submission provided?	No
