Subject: interim portable long service leave regulation

Dear Sir\Madam,

I write in my capacity of Finance Manager of SouthPort Community Centre. Part of the Community Services sector.

I wish to make comment regarding the re-making of the Long Service Benefits Portability Regulations 2019. To be titled as the Long Service Benefits Portability Interim Regulations (the Interim Regulations).

At no time were we consulted as to the economic impact the original Regulations would have on our Centre or sector. Our peak body Neighbourhood Houses Vic (NHVic) have not consulted with our Centre nor with numerous others in the sector they are said to represent.

Basically we will be paying a levy to the government for staff that are only in the sector for a short while and have no intention of staying in the Community Services Sector. 50% of our staff will not benefit from the scheme as they will retire before they reach 7 years and attain LSL or have no intention of staying in the Community Services Sector. We already provision more than ample for LSL for our staff.

Regards
