Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 349

---

Request to be heard?: No

**Full Name:** Jade Aitken

**Organisation:**

**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** This mine is not worth the terrible health effects from the toxic dust, the damage to the water supply and most importantly aboriginal land. The Victorian government has already committed cultural genocide by cutting down Djab Wurrung trees. We will not let this country be blown up and torn down for your financial Benefit any longer.
