Comments: My business is a Tennant of a property most likely to be acquired the uncertainty has been incredibly stressful and the lack of direction for the company affects it on a daily basis as to what were doing and where were going as to weather we can else buy build and where and when we currently have about 16 plans based on timing, locatons and financials it affects 20 people every day and has had a huge negative physical impact on me as the owner to be compensated for the huge stress and hardship endured is disgusting
