Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 642

---

Request to be heard?: No

**Full Name:** Nicole Bowler

**Organisation:**

**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** I strongly object to this proposal. We must protect our food growers, and our food (we are what we eat). The negative effect on the environment and the food produced will be extremely detrimental. Surely the events of this year have shown how important local food production is. Please do not risk this, and the waterways and adjoining eco-systems and people!!
