

Wildlife Act Review

Submission Comment 214:

Contributor: Individual – Nikki Wilson

Primary interests:

- Protection and conservation of wildlife and habitat
- Wildlife welfare

Comment

Wildlife, in particular kangaroos, have been treated disgracefully in this country. Ethics should always come before profit. A complete overhaul into the treatment and attitude towards these animals is in dire need. All wildlife, those that came long before us, deserve respect, kindness and to share this land peacefully with humankind.
