### General Conditions

- **LI_G1**: Waste from the premises must not be discharged to the environment except in accordance with this licence.
- **LI_G2**: You must immediately notify EPA of non-compliance with any condition of this licence.
- **LI_G3**: By 30 September each year you must submit an annual performance statement to EPA for the previous financial year in accordance with the Annual Performance Statement Guidelines (EPA Publication 1320).
- **LI_G4**: Documents and monitoring records used for preparation of the annual performance statement must be retained at the premises for seven years from the date of each statement.
- **LI_G5**: You must implement a monitoring program that enables you and EPA to determine compliance with this licence.

### Amenity Conditions

- **LI_A1**: Offensive odours must not be discharged beyond the boundaries of the premises.

### Waste Acceptance Conditions

- Licence does not have any waste acceptance conditions.

### Waste Management Conditions

- Licence does not have any waste management conditions.

### Landfill Conditions

- Licence does not have any landfill conditions.

### Air Conditions

- Licence does not have any discharge to air conditions.

### Water Conditions

...
LI_DW1  Stormwater discharged from the premises must not be contaminated with waste.

LI_DW2  Discharge of waste to surface waters must be in accordance with the 'Discharge to Water' Table.
