**To:** Council  
**Subject:** Proposed Abattoir at 630 Lancaster - Mooroopna Road, Gillieston.

To [REDACTED],

[REDACTED] wish to lodge our objections to the proposal of the Abattoir at 630 Lancaster - Mooroopna Road, Gillieston.

Our objections are as listed:

1. Greater Shepparton Council deemed this area as a Farming Corridor. The proposed Abattoir is of Industrial nature.
2. The possible devaluation of our property by \$700 per acre by local Agent.
3. Under the Out Task Final Report of 8th April, 2019 , points of errors in 2.3 Land use :-
  - \* Power availability from Curr Road ( not even in the area )
  - \* GMW main drain No.4 - not even in area
  - \* Volume 3 - incomplete data
4. Increased traffic - traffic along Lancaster - Mooroopna Road is quite heavy , and the sides of the table drains are very steep, and there has already been a double bogey transport come off the side. The power lines to properties here have been pulled down by transports in the last couple of years.
5. Environmental Beautification - Trees need to be planted to mask the noise, lights, dust and smell.
6. Disease - predominately a dairy area, the likelihood of exotic diseases - e.g. anthrax, mosquito and fly diseases
7. Communication from EPA, Council, and Meatworks, has been almost non-existent. Eg - Notice in Country News about meeting at Undera on the same day as the Meeting. No local contact / personnel from the Company or EPA.

This is only a brief outline of our concerns and not limited to the above proposal.

Please send acknowledgement of receiving this e-mail.

Thank you,
