How do you think we should improve the FFG Act?	<p>Thanks you for the opportunity to make a submission to the review of the Flora and Fauna Guarantee Act.</p> <p>I fully support the submissions made by Environment Victoria and the Victorian National Parks Association as outlined below:</p> <ol style="list-style-type: none">1) A fair go for threatened species by removing exemptions and special treatments for government departments and some industries.2) Stronger stop and protect powers with clear requirements for the Minister to intervene when important species or habitats are under threat.3) A nature cop on the beat with stronger enforcement, real penalties and better monitoring.4) Clear targets and timelines to direct investment and programs for threatened species protection and recovery, across the whole state.5) Giving community power to act, including capacity to determine regional plans and ability to initiate legal action to protect threatened species. <p>Yours Sincerely</p> <p>██████████</p>
