

Strongly recommend that no third party training/education providers providing agent's representative certificate and full license course are allowed expect REIV.

Reason:

1. Quality control
2. Unify the education outcome and standards
3. Fairness! Especially to those students who spend money, made efforts sit in front of computer or in classroom for days or months !

I heard ppl be able to get agent's rep certificate and full license within 1 day taking online course, and who don't even know how to fill and complete agents exclusive authority and don't even know how to read contract of sale properly. That's Shocking !
