Comments: My name is Linda Lellman and i an an owner of berth 7 at Yarra's Edge (YE) marina. The Fisherman's bend draft framework proposes a tram bride over the yarra river at YE. I am opposed to this bridge for the following reasons; 1. loss of lifestyle 2. marina viability 3. devaluation of property 4. traffic 5. noise and visual pollution 6. wildlife 7. environment 8. loss of community 9. litigation For these reasons, i strongly advise the Fishermans bend planning review panel to recommend that draft planning scheme amendment GC81 be opposed and to seek a more appropriate option to the transport needs of Fishermans bend. Thank you for the opportunity to respond to the draft framework. Linda Lellman llllman@bigpond.net.au 12th December 2017
