Comments: My name is Shirley Gauci. I am an owner/resident at Yarra's Edge (YE). The Fishermans Bend draft Framework propose a tram bridge over the Yarra River at YE. I am opposed to this bridge for the following reasons: - loss of lifetsyle - marina viability - devaluation of properties - traffic - noise and visual pollution - environment - loss of community - litigation. For these reasons, I strongly advise the Fishermans Bend Planning Review Panel to recommend that draft planning scheme amendment GC81 be opposed and to seek a more appropriate option to the transport needs of Fishermans Bend. Thank you for the opportunity to respond to the draft framework. Shirley Gauci shirleygauci3@gmail.com 12 December, 2017
