Dear IAC

EPA referred to a couple of documents in its verbal submission on 8 June 2021, which have since been updated or superseded. To assist the IAC we now provide the following documents:

- **EPA Publication 1823-1. Mining and quarrying – Guide to preventing harm to people and the environment** (this is an updated version of document #372)
- **EPA Publication 1928. Charter of Consultation** (this is the final version of document #490, which was a draft and is now superseded)
- **Memorandum of Understanding** between EPA and ERR dated 23 June 2021 (this replaces the memorandum of understanding which was attached to TN025 filed by Kalbar, document #390).

EPA also provides a copy of the following document to assist the IAC:

- **EPA Publication 1992. Guide to the Environment Reference Standard**

Finally, further to EPA’s verbal submission, the **section 50(3) request for further information** has now been finalised and sent to Kalbar. A redacted copy of the final request is attached (this is the final version of document #488, which was a draft and is now superseded).

Kind regards
Hannah
