A billion ways to boost your wellbeing

Did you know? Having the right balance of gut bacteria can enhance your immunity, as well as improving digestion, and other health benefits. Sometimes, your gut bacteria can become unbalanced, so taking a probiotic supplement can help to restore a healthy balance.¹ Containing literally billions of 'colony forming units' (CFUs), the different strains of probiotics address differing health needs, so speak to our Pharmacist today about which may be most suitable for you.

KNOW THEYSELF

There are many reasons why you might experience dry and uncomfortable eyes over your lifetime. Environmental factors such as dry air, wind and dust, and certain medical conditions and medicines can all cause dry eyes¹. Not to mention too much screen time!

REPAIR AND CARE FOR YOUR SKIN'S MOISTURE BARRIER

Our skin has a natural moisture barrier to help protect us by keeping the good things in, and the bad things out! But as we draw closer to Winter, the drop in temperature and humidity, along with other factors such as hot showers and dry air from heaters, can compromise our skin's protective barrier. Prepare for cold and dry weather ahead with the right regime to repair and care for your skin. Have a chat with our Pharmacist in store about which products may be right for you.

Ask your pharmacist about this product.

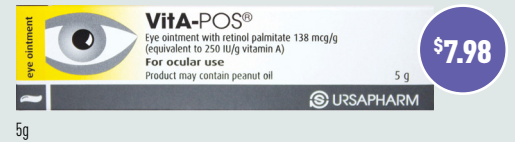

Always read the label and follow the directions for use. *Saving claims are based on the supplier Recommended Retail Price. **While stock lasts. Not all products stocked in all participating pharmacies. Excludes prescriptions. Terms and conditions apply. Offer is valid from Tuesday 5th April - Sunday 1st May 2022.

June is Bowel Cancer Awareness Month!

With so many possible causes of eye discomfort it can be tricky to pinpoint the cause, so identifying your symptoms is the first step to finding the right solution.

Get Flu Season Ready

Once again, this year we've been busily making sure to have our COVID-19 vaccinations and now booster shots too! It has been important to take these steps not only for our own health and wellbeing, but also for the health and wellbeing of our broader communities.

Just as important, is getting your yearly flu shot.

By keeping the flu vaccination rates high in our community, we can help reduce the number of people catching and spreading influenza this flu season, especially those who are more vulnerable.

**It's easy and convenient to get your flu shot in our Pharmacy.
Contact us to book an appointment.**
