INTELLIGENT DESIGN. DISTINCTIVE PLACES

Designed around the way you want to live.

Your home should feel considered from the moment you walk through the door.

At Into Place, we create homes where thoughtful design, beautiful materials and everyday functionality come together effortlessly.

Spaces that feel good to live in now, while being designed to stand the test of time.

From the way natural light moves through your home to the materials you touch every day, every detail has been carefully considered to create a home that feels distinctly yours.

Because great design isn't simply about how a home looks.

It's about how it makes you feel, and how beautifully it supports the life you want to live.

Your next chapter has an ocean view.

Welcome to a more effortless way of living on the Kennedy Bay coastline.

Positioned moments from the Indian Ocean, this limited collection of seven contemporary residences brings together considered architecture, ocean glimpses and an enviable coastal lifestyle.

From morning walks by the water to afternoons on the golf course and long lunches close to home, Offshore Drive places you within a growing coastal community designed around the things you now have more time to enjoy.

This is life by the coast, beautifully considered.

- ✓ 3-Phase power and heat pump hot water system

Thoughtful choices, already built in.

Images in this brochure are for illustrative purposes only and may not represent the final product as shown. Into Place reserves to substitute the make, model or type of any products should the product become unavailable or due to a change of supplier. All furniture, screens, landscaping and decorative finishes are not offered by Into Place. Additional cost floor plan options, fixtures and fittings may also be shown. Into Place is not the owner of the land. The land featured in this package is advertised by agreement between Into Place and the land developer and/or vendor. The land is not purchased from Into Place but from the land developer/landowner or an authorised agent. Into Place is not a reseller of land but a new home builder. The land price component does not include transfer duty, settlement costs and any other fees or disbursements associated with the settlement of the land. Land and building will form separate contracts. Price includes a provisional sum for siteworks which is indicative of the suburb in which the home is being proposed. This will only be fixed after receiving proper contour surveys and engineering details. Where a set price has been determined for Bushfire Attack Level (BAL), coastal requirements, noise attenuation requirements and / or covenants and guidelines, this will be included in the total price. Into Place .

DESIGN-LED, ALWAYS

Striking, architecturally crafted residences incorporating market-leading design and refined materials.

MASTERFULLY CRAFTED

Each residence we deliver features considered inclusions and is built with the highest construction standards.

CLIENTS AT THE CORE

We offer a highly personalised experience, tailored to each client, taking the time to understand your vision, lifestyle and goals.

SUSTAINABILITY MATTERS

We build all-electric, solar powered homes while renewing natural ones, planting trees for each home in Conservation Sanctuaries.
