BROADCAST HILLS

DIANELLA

BY

Into Place.

A rare collection.
In the heart of Dianella.

A brand new street of architectural Into Place townhouses is coming to this sought after Dianella community.

Introducing Into Place for Braodcast Hills.

For more than half a century, this site was home to Channels 7, 9 and 10, responsible for broadcasting stories into homes across the state. Today, Broadcast Hills gives this landmark location a new future while respecting the history that makes it unique.

This is of the final opportunities to secure residential land within Dianella, so if it's time for an upgrade, don't delay. Extremely limited release.

Into Place.

We design around the **way you want to live.**

At Into Place, our philosophy is to bring good design into everyday life.

From the arrangement of living spaces to the privacy of bedrooms, our approach considers how each space works together to create a home that feels right for decades to come .

With distinctive architecture and a floorplan designed to make the most of its location, these Dianella townhouses are no exception.

With three and four bedroom designs, distinctive streetscapes and mid-century influencesds and priorities, this is a truly unique opportunity to enjoy a modern home within nan established community.

So if you’re looking to upgrade your home and lifestyle, get in touch today.

Mature, **amenity-rich** community.

Set within Broadcast Hills in Dianella's historic Television Hill precinct, the collection offers access to the local places that make everyday life convenient.

Images in this brochure are for illustrative purposes only and may not represent the final product as shown. Into Place reserves to substitute the make, model or type of any products should the product become unavailable or due to a change of supplier. All furniture, screens, landscaping and decorative finishes are not offered by Into Place. Additional cost floor plan options, fixtures and fittings may also be shown. Into Place is not the owner of the land. The land featured in this package is advertised by agreement between Into Place and the land developer and/or vendor. The land is not purchased from Into Place but from the land developer/landowner or an authorised agent. Into Place is not a reseller of land but a new home builder. The land price component does not include transfer duty, settlement costs and any other fees or disbursements associated with the settlement of the land. Land and building will form separate contracts. Price includes a provisional sum for siteworks which is indicative of the suburb in which the home is being proposed. This will only be fixed after receiving proper contour surveys and engineering details. Where a set price has been determined for Bushfire Attack Level (BAL), coastal requirements, noise attenuation requirements and / or covenants and guidelines, this will be included in the total price.
