

Blakes Road upgrade – UPDATE 2

What	Widening of Blakes Road as part of the construction of the Blakes Road/Shands Road roundabout
Where	Intersection of Blakes Road with Hinterland/Cairnbrae Drives
When	24 June 2021 to 21 July 2021
Contact	Isaac Construction – Project Communications: Jessica Swift – e: jswift@isaac.co.nz p: 027 207 4631

This is an update to impacted residents advising the current one way system will be in place until the 21st of July 2021 due to unforeseen impacts caused by the weather events over the weekend of the 29th and 30th of May and the ongoing poor weather conditions.

We are writing to let you know that we will be working to widen Blakes Road back towards the intersection of Hinterland/Cairnbrae Drives with Blakes Road. This work involves new shoulder construction to widen the existing road down as far as 46 Blakes Road where the new work will tie into the existing footpath and shoulder on the southern side of Blakes Road.

To do this, we will need to extend the one-way system for up to three weeks. This means:

- There will be a one-way system in place on Blakes Road for north-bound traffic from property number 46 Blakes Road up to the intersection with Shands Road.
- Carpenter Drive and Hazelnut Avenue residents are encouraged to use the Hinterland Drive entry/exit to avoid major route impacts.
- Aberdeen Road and Blakes Road residents from property #46 to #143 (Blakes Road) will need to detour via the north-bound Blakes Road one-way system to Shands Road and back to Trents Road and onto Springs Road.
- Some stages of the construction works will require manual traffic control for short, intermittent periods of time.
- Speed restrictions will be in place and we encourage road users to comply with the speed restrictions at all times.
- Cyclist will be merging with the traffic, please exercise extreme care.

A map of the road work area and detours is included on the back of this letter.

Bi-weekly updates for the project will be posted online at the following web address:
<https://isaac.co.nz/projects/ongoing>.

Any changes in traffic management will be posted online and advised via letter drop.

If you have any questions or concerns, or think there is something we should know please contact Jessica Swift at Isaacs on jswift@isaac.co.nz or [027 207 4631](tel:0272074631).

Thank you for your patience whilst we carry out this work.
