

# Upcoming work in your area

## **Glandovey/Heaton/Rossall/Strowan signal upgrades**

From the evening of **Sunday 19 April**, we'll be upgrading the traffic signals at the intersection of Glandovey Road, Heaton Street, Rossall Street, and Strowan Road.

**Between 7pm and 6am, Strowan Road will close at the intersection.**

When this closure is in place, **a three way stop/go will support traffic travelling through the intersection from Glandovey Road, Heaton Street, and Rossall Street.**

**During the day**, some traffic management will remain in place; however, traffic will be able to travel in all directions. Our team may also be on site at times.

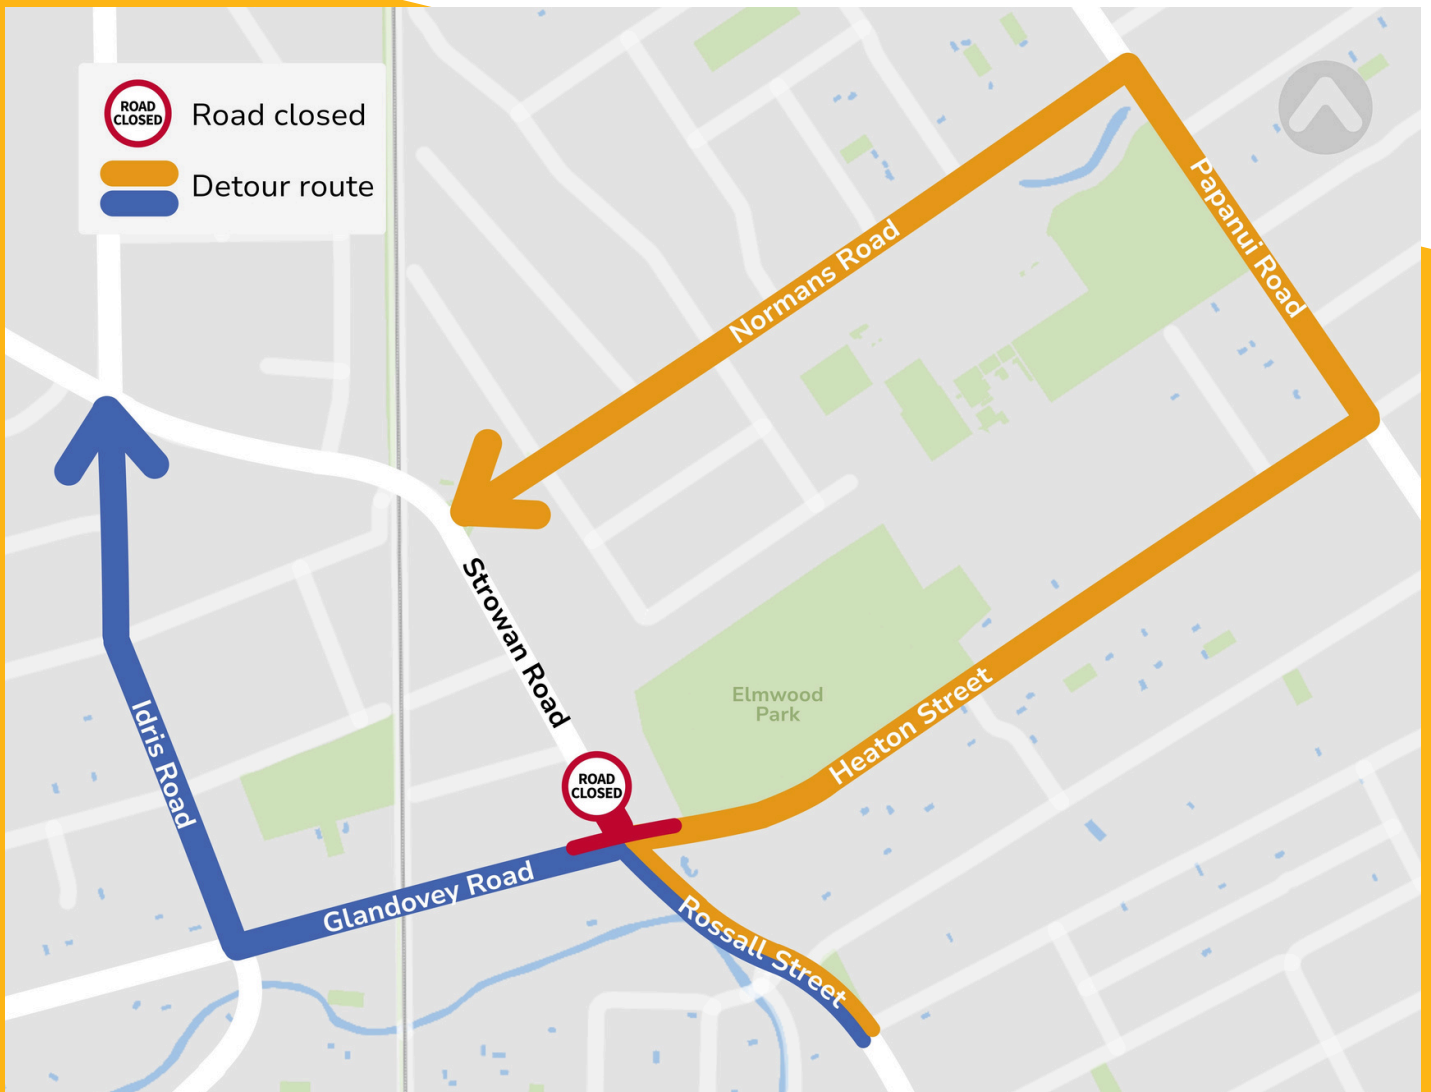

**Traffic management changes will be communicated via flyer or text message (sign up on back page).**

Thank you for your patience and understanding while we complete this work.
