

Work Notice

Construction work - new power cable

Where	Sparks Road between the Halswell Substation and Hendersons Road
When	6 October - early November
Why	To install a new underground power cable

29 September 2025

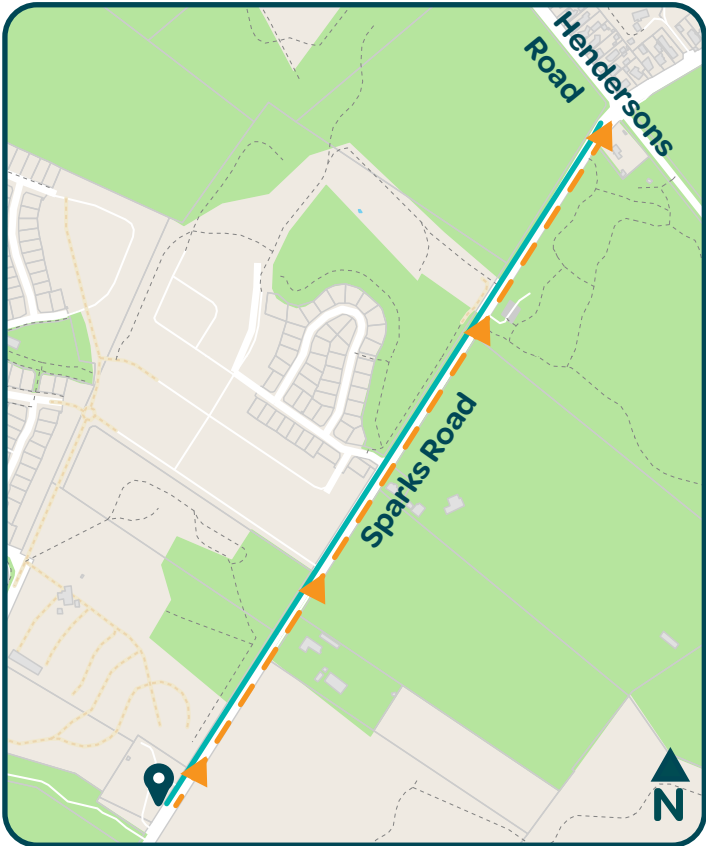

What we’re doing

We’re installing a new 66kV underground power cable between the Milton Substation and the Halswell Substation on Sparks Road to strengthen our electricity network.

From 6 October - early November, we’ll work to install cable ducts on Sparks Road between the Halswell Zone Substation and Hendersons Road.

This is the final section of cable ducts we need to install as part of this project. We’ll come back later to pull the new cable through the ducts we’re installing.

Where we’re working

Traffic management

- Sparks Road will be one-way travelling from the Halswell Substation to Hendersons Road.
- No entry to Sparks Road for westbound traffic at Hendersons Road.
- No right turns from Collier Drive and Larissa Road on to Sparks Road.
- Detour routes will be signposted.
- On-street parking will not be available where we’re working.
- Please follow all signs and instructions from our crew.

This work won’t start until we have reopened the Hendersons Road intersection and Sparks Road between Hendersons Road and Hoon Hay Road.

We understand this work is disruptive and appreciate your patience.

KEY

One-way traffic flow

Cable duct to be installed

Access to side streets

We will need to trench past the intersections of Sparks Road with Larissa Road and Collier Drive. To do this work safely, when we trench past manual traffic management will be in place.

We will place steel plates over the trench so you can access these roads when we're not working.

If you have any access issues, please contact Isaac Construction on 027 406 2465 or speak to a team member on site.

You can contact the onsite Isaac Construction team on 027 406 2465 or 66kvmiltontohalswell@isaac.co.nz.

Our Orion Customer Support team are available 24/7 on 0800 363 9898 to help.

Cycleway

At times provisions for cyclist safety may be in place along the cycleway.

Rubbish collection

Please put your bins out before 6am on collection days. The crew will move and return them back outside your property if needed.

Hours of work

The crew will generally work during the day between 7am - 6pm, Monday - Friday. We may need to do early morning or weekend work at times.
