Update

Matsons Avenue, Chapel Street and Harewood Road - major cycle route, roading and wastewater renewals

What	We're upgrading wastewater pipes, delivering a new section of the Nor'West Arc cycleway, plus completing street renewals across Matsons Avenue, Harewood Road and Chapel Street.
Why	This work is part of the Northwest programme to upgrade water and roading in the city's northwest.
Where	Chapel Street and Langdons Road between Sails Street and the railway line, Papanui.
When	Langdons Road: Monday 8 June to Sunday 14 June 2026. 7am to 6pm. Chapel Street: Monday 8 June to mid-August 2026. 7am to 6pm (weather/site condition dependent).
Contact	The contractor is Isaac Construction Limited. Contact Hayley Ching on 027 323 0056 or email communications@isaac.co.nz , Monday to Friday, 7am to 6pm.

Details

We're renewing the wastewater pipes on Chapel Street. To complete these works, we will need to install and connect into a manhole located on Langdons Road, which requires temporary traffic management changes to ensure the work can be carried out safely.

The wastewater renewals will continue on Chapel Street through to mid-August. To complete this work, Chapel Street will be closed in stages. These closures are required to allow crews to undertake wastewater infrastructure upgrades and associated construction activities safely and efficiently.

Traffic changes:

- A one-way system will be temporarily installed on Langdons Road between the railway line and Sails Street. The one-way system will support traffic travelling West towards Greers Road.
- A road closure will be installed on Chapel Street between Langdons Road and the Mitre 10 car park.
- At times, there will be no access to Langdons Road from Chapel Street.
- At times, there will be no access to Hoani Street from Chapel Street.
- At times there will be no access to Harewood Road from Chapel Street.
- Access to surrounding businesses and properties will be maintained where possible.
- Please allow extra travel time and follow all temporary traffic management signage.

Please advise Isaac Construction if you have specific property access requirements e.g. medical visits, large deliveries, home help or any planned work.

Thanks for your patience as we work in your area

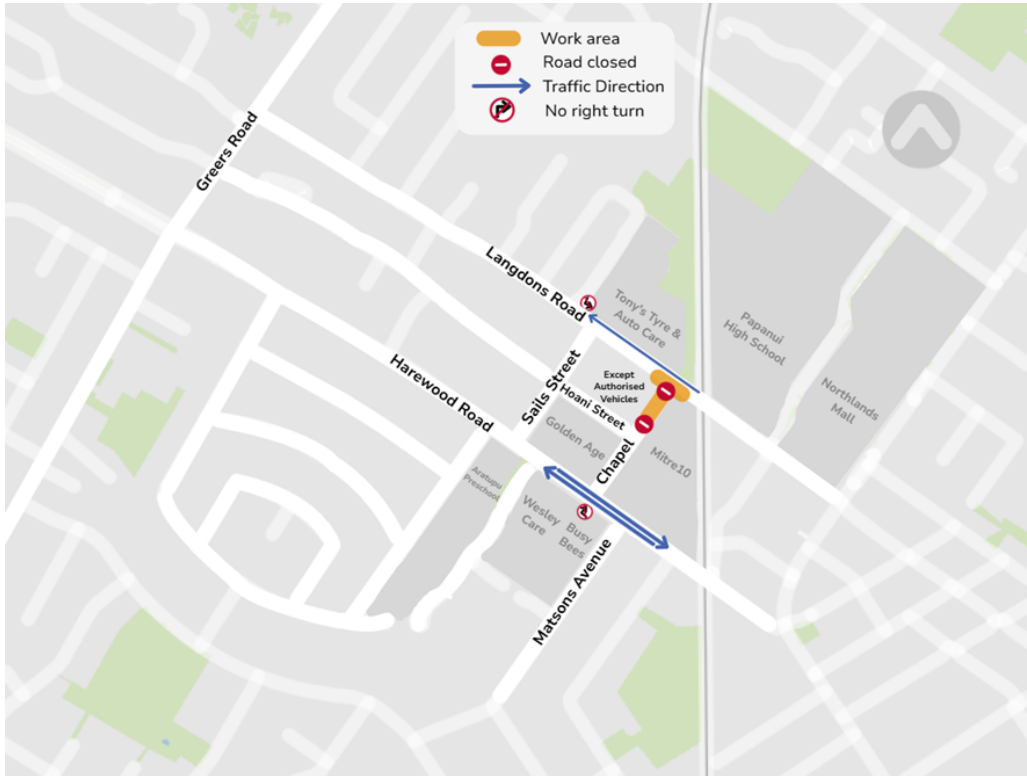

There may be increased noise, dust and vibrations during work but it shouldn't impact on your power, water, gas or phone services

Safety is our biggest priority so please keep children and pets away from worksites.

Please put your bins out as usual before 6am on your collection day. Our crew will move and return them if needed.
