

FLARE OPAL

FLARE Opal is compatible with a custom Tom Dixon ES fitting: SPA04WHEU. Due to the design of the shade, a cylindrical shape lamp must be specified in order to fit inside the small opening.

As the diameter of the bulb must remain below 40mm, Tom Dixon suggest a diffused T10 or T12-shaped E27 bulb of suitable length, with a brightness of between 300-900 lumens depending on application.

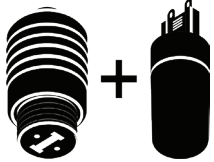

Below is a list of suggested bulbs for 2 options:

1. Cylindrical shaped E27 Bulb with a diameter less than 40mm
2. E27 to G9 Converter and a G9 Bulb with a diameter less than 40mm

OPTION 1

	Max Wattage	Ref.	Power (W)	Socket	Lumens (lm)	Dimming	Brand	Product Name	Product Number
	E27 15W	25	5.5	E27	520	Yes	Paulmann	LED Deco Pipe E27	29059
		26	4.0	E27	470	Yes	Liquid LED	Liquid LED Medium Tube	F427-T30-C-27K
		27	4.0	E27	300	Yes	Liquid LED	Liquid LED Tube	F427-T30-P-27K
		28	9.5	E27	950	No	Philips	Philips Tube Bulb	8718699771379

OPTION 2*

	Max Wattage	Ref.	Power (W)	Socket	Lumens (lm)	Dimming	Brand	Product Name	Product Number
	E27 15W	29	4.0	G9	350	Yes	Paulmann	LED Pin base 1-piece set	28796
		30	4.8	G9	570	No	Philips	Philips CorePro LED	65780200
		31	5.0	G9	500	Yes	Liquid LED	5W G9 LED	C5G9-G9-C-27K
		32	4.2	G9	430	No	Osram	LED Pin 37 300°	AC42154

* Only compatible with a "E27 to G9 converter"
