

# MULTILEG cabinet

bd

The Multileg is more than modular. Designed in 2006, Jaime Hayon's cabinet has simple lines and unique legs with a strong sculptural identity. It can be uniquely configured with twelve elaborate leg options, customisable finishes and colours, and a multitude of interior storage variations. The Multileg is disciplined and practical, and it is a storage system that embraces its many forms.

Its new finish and colours stimulate feeling over unique and gestural legs. The Multileg collection is approachable and impressive, a perfect example of a Hayon. Its modularity couples with a simple design and a dozen leg options, accompanying a space with a creative flair and a selection of vibrant finishes. It's a contemporary classic.

**MATERIALS AND FINISHES**

Containers, shelves and doors are made in different widths of MDF fibre boards, lacquered in gloss or with veneered in ash-dyed matte. The interiors are always in matt lacquered or veneered in ash-dyed matte. Recycled or optical transparent glass top with a width of 10mm. The underside of the glass top is painted in the same colour as the cabinet to match. Top veneered ash-dyed or 20mm marble.
