

PARC ATELIER 02

This unique table version uses the duality of a sturdy, elegant long brass base on which a milky, delicate globe rests, giving the model a quiet authority and distinctive character. As brass gets better with age, this piece is sure to age well and get even more unique: the globe will remain exactly as it was, while the tube will be a testament to the times it will have witnessed.

Parc Collection is a collaboration with designer Adrien Rovero.

type:	table
construction:	solid brass body hand blown frosted glass brass cord (vinyl cord for Australia)
specifications:	source: LED lamp provided (G9 base) power consumption: 4,5W lumen output: 319lm colour temperature: 2700K included *3000K available upon request colour rendering index: 80 CRI standard * ≥ 90 CRI upon request expected lifetime: 25 000h
