- 1. Auto-Harmonic Tilt**  
The tilt instantly and automatically provides balanced support and movement, depending on your body and posture.
- 2. Intercept Suspension**  
Breathable and temperature-neutral, the continuous form of this elastomeric suspension eliminates the gap between the seat and back, conforming to each person's body to provide dynamic spinal support.
- 3. Flexible Frame**  
The thin but strong frame feels nearly non-existent and offers support while flexing so you can comfortably move your upper body.
- 4. Dipped in Color**  
Cosm is available in one hue from top to bottom to further cement the unity of the design and the sculptural quality of the chair.
- 5. Leaf Arms**  
Leaf Arms provide a large, comfortable resting place for your elbows.

Cosm is also available with height-adjustable arms, fixed arm, or without arms.
