

WALTER KNOLL

FOSTER 510/511. Design: Foster + Partners.

International design by the renowned architect and Pritzker Prize winner. Minimum form, maximum comfort. With that special feel for detail. Fine stitched piping and drawn-in leather divide the comfort zone. Hundreds of pocket springs are just the thing for sophisticated sitting. With or without a backrest.

Product description

Design awards

Modell no.

510

Frame

Wooden frame.

Upholstery

Cold cure foam sandwich construction with an outer layer of wadding.
Seat with micro-compartment spring core.

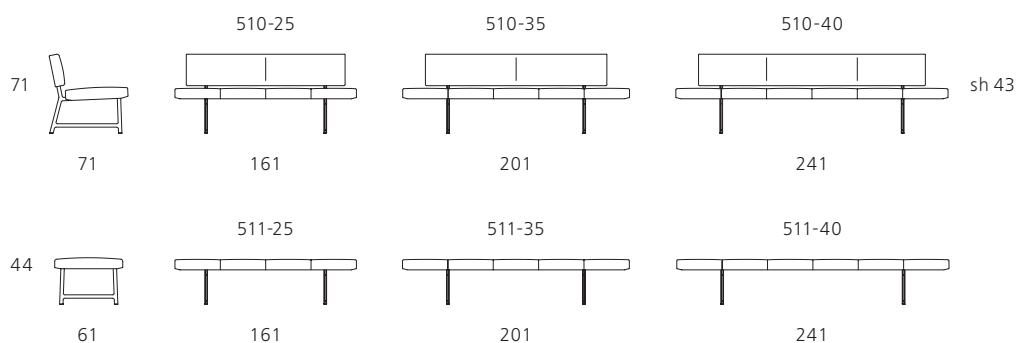

Base

Steel, highly polished, chrome-plated or powder-coated black matt.
