

G9 LED Bulb

Tala

No. ELA-G9-3W-2700K-RA90-FF-240V

Designed to overcome the technical deficiencies of other LED G9 equivalents, such as poor dimming, short lifetime and substandard light quality, the Tala G9 is built from heat-dissipating ceramic to allow long lifetime in enclosed luminaires* and comes with Tala's signature smooth dimming characteristics. It also delivers near-perfect colour rendering at the same colour temperature as the old favourite halogen G9. The G9 uses 3.2 Watts of power to deliver 270 lumens, with gallery-quality colour rendering CRI 97 (R9 97). Small and compact size (T18) Lightly frosted finish Made from ceramic and polycarbonate 3000K colour temperature.
