Create your own Connect Soft Configuration

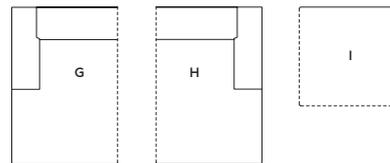

1. SEATING MODULES

Select your desired seating modules.

Add the item numbers of the desired textile separately to your order.

Note

You can only connect seating modules with pre-mounted linking brackets on the sides, illustrated here with dotted lines. Pouf Module I can either be connected to other modules with pre-mounted linking brackets or be used as a freestanding module.

Textile direction

Corner Module F is designed to be used as corner. If used as End Module with armrest, the textile direction can differ. Modules connected on the left side of Corner Module F will have the same textile direction. The textile direction of modules connected on the right side will run into the opposite direction.

2. CUSHIONS

Specify optional cushions in the desired textile for added comfort and a lounging expression.

General note

The total dimensions of the configurations are indicative and can vary due to the inherent softness of the design and depending on how close the modules are placed as well as how many modules that are combined.
