

# FIBER SIDE CHAIR — A-BASE

**ISKOS BERLIN ON THE DESIGN** “One of the most difficult and noble disciplines of design is to create simple, well-functioning and almost ordinary objects that nevertheless have a strong identity. We designed Fiber Side Chair to do just that through a clear sculptural language that refuses to compromise on comfort. It’s a chair stripped of all unnecessary layers. The iconic form marries soft, embracing curves with an innovative wood fiber composite, giving Fiber Side Chair a unique expression and tactile texture.”

Chair

## ENVIRONMENT

Indoor

## COUNTRY OF PRODUCTION

Poland

## PREASSEMBLED

Yes

## DESCRIPTION

The Fiber Side Chair brings a new perspective to the iconic shell chair through its innovative composite of plastic and wood fibers. Non-upholstered variants of the Fiber Side Chair are made from a combination of recycled plastic (min. 80% is recycled) and FSC™-certified wood fibers. The wood fibers blend into the surface for a matte finish and add a soft, inviting touch. The Fiber Side Chair is designed with friendly, embracing curves that provide extensive comfort to its user while taking up little space in the room.

At the end of its life, this product can be disassembled, supporting circularity. All non-upholstered versions of this product are marked with recycling 5, meaning that is 100% recyclable to be used in future production and thus lowering material waste.

## MATERIAL

Shell - Fiber Side Chair without upholstery: The plastic of the shell is made using minimum 80% recycled plastic. The plastic is mixed with up to 25% FSC™-certified wood fibers. The shell of Fiber Armchair & Side Chair is made of plastic that is climate compensated.

Shell - All other variants: Shell in plastic composition with up to 25% wood fibers.

Base: A-base in chrome.

## CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth. For upholstery versions, please find cleaning instructions for your chosen textile at kvadrat.dk or nevotex.com
