

Brew Milk Pan

A stainless steel milk pan coated with a high-gloss film of copper and fitted with a straight handle engineered for even heating and perfect balance. Combine it with its twin, the Brew Stovetop, to create a knockout café au lait.

Process	Sheet stainless steel, deep drawn and formed by multiple complex tools. This product is then polished and copper PVD is applied to the outside of the product to finish. Inside finish is brushed stainless steel.
Year of Design	2015
Material	Brushed stainless steel with copper PVD finish.
Product Code	BRWMP01
Colour	● Copper
Cleaning Instructions	Due to the nature of this product the base will blacken over time in reaction to the heat generated from the stove. If the customer has a gas hob, flames should be kept to a minimum to avoid any unnecessary black marks occurring on the side of the product. This product will age well if cleaned correctly after use. Customers should avoid using abrasive agents, as well as any cleaning fluids containing bleach, acid and ammonia.
