ECLIPSE

Eclipse is a solid wood table. Its thick legs and imposing wooden top give it a powerful silhouette. It rests on a play of full and empty spaces - a subtle choreography of presence and absence. The table's structure traces an implied ellipse, a shape emerging through the interplay of wood, void, and shadow, evoking the celestial phenomenon from which the table takes its name.

Eclipse draws inspiration from Eduardo Chillida's philosophical exploration of form and void, notably his 1990 sculpture *Eulogy to the Horizon*

THE DESIGNER

Anthony Guerrée is a French designer, born in Normandy in 1987. He lives and works in Paris. As a designer, he has always worked closely with artisans, exploring high-quality craftsmanships and the history of French decorative arts.

Anthony Guerrée was educated at the École Boulle in Paris. Fascinated by the interior designers of the '30s, Anthony joined Studio Andrée Putman, in 2010, where he was able to work with the best 'makers' in the world in shaping world-class interiors. In 2015, Anthony went to work for designer Christophe Delcourt, assisting him in designing his Delcourt Collection furniture, as well as contributing to Christophe's collaborations with French and international brands.

In 2020, Anthony Guerrée ventured out on his own and developed a unique signature, inspired by his travels, personal interactions and literary encounters.

MAINTENANCE

ROUTINE MAINTENANCE

Use a soft cloth, preferably microfiber.
Clean with warm water and a mild soap (a few drops are enough).
Wipe dry immediately with a clean cloth to prevent standing moisture.

WHAT TO AVOID

Abrasive sponges or steel wool.
Products containing alcohol, silicone, ammonia, or solvents
Soaking: Never use excessive amounts of water or allow water to stand on the surface

BEST PRACTICES

Heat: Do not expose the surface to direct heat (hot pans or dishes straight from the oven, kettles, etc.). Always use trivets or heat-resistant mats.
Scratches: Use placemats and coasters. Avoid sliding metal or ceramic objects across the surface. Attach felt pads to the bottom of decorative accessories.
Moisture: Wipe up any spills immediately.
Environmental Conditions: Maintain ambient humidity between 40% and 60% to prevent the wood from cracking or warping. Do not place the table near a heat source (radiator, stove, space heater).
