

HermanMiller Collection

Eames® Rectangular Coffee Table

Designer

Charles and Ray Eames

Original Production Date

1946

Warranty

5 years

The elegant simplicity of this coffee table by Charles and Ray Eames demonstrates the designers' focus on exploration and commitment to honest materials. Its legs, available in a range of finishes, find shape from the technique the duo invented to mold lightweight plywood veneer into gentle curves. Available in veneer or laminate with a veneer edge, the rectangular top offers clean lines and a useful surface for any living, working, or lounging environment.
